

PROFILE

As a recent Computer Science and Finance graduate with a passion for technology and problem solving, I am eager to contribute my knowledge and skills towards a mission-driven organisation. With experience in software development and database management, I aim to enhance innovative solutions. Collaborating with others and driving positive change for the future aligns with my passion for technology and problem-solving. I am committed to continuous growth and look forward to joining a dynamic team where I can make a meaningful impact.
